

24th ANNUAL GEMINI AWARDS

Use of DVD/On-Line Streaming Permission Form

The Academy and Zip.ca launched a successful partnership in early 2008 to better serve our voting membership during the Awards voting period. We are pleased to announce Zip.ca will be hosting streamed video of all Gemini Program categories through a site exclusive to Gemini voters for the 24th Gemini Awards. This will happen in conjunction with the Video-On-Request service for performance and craft categories through our Academy National office.

If your program is nominated in the 24th Gemini Awards, the Academy will be offering our Voting Membership the opportunity to access your program via Zip.ca. Voters will request your program as a companion to the official Ballot they receive during the voting period, open immediately following the nominations announcement.

Only current Voting Members of the Academy will have access to on-line streaming and the DVDs you provide during the Gemini voting period. Once the voting period ends, the Zip.ca/Gemini site will be immediately deactivated.

Please read the following over carefully and check the option you want below:

- I DO wish to have my complete program available as streaming video on the Zip.ca / Gemini secure site for Academy voting members for the 24th Gemini Awards, to accompany the Video-On-Request service.
- I do NOT wish to have my program available as streaming video on the Zip.ca / Gemini secure site for Academy voting members for the 24th Gemini Awards. I opt for the standard Video-On-Request service only.
